MYO INOSITOL 550 MG, D-CHIRO INOSITOL 13.8 MG, CHROMIUM PICOLINATE 100 MCG, VITAMIN D3 - 200 I.U.

Chromium Picolinate

It is a supplemental form of chromium and it is believed to improve metabolism and promote weight loss.

D-Chiro Inositol and Myo-Inositol

It helps to correct hormonal imbalance in the body to achieve ovulation (release of an egg from ovaries) and menstrual cycle regularly. They also improve insulin (hormone) action for better carbohydrate metabolism.

Vitamin D3

It helps to maintain an optimum level of Calcium in the body to keep bones strong.

Available in a strip of 10 Tablets

STRESSED OUT DUE TO INFERTILITY ??

SOFT GEL CAPSULE

GLOWB-D^{*}

(Micronised Dehydro Epiandrosterone (DHEA) 25 mg + Folic Acid - 1.5 mg)

Micronised DHEA

- Micronized is a hormonal medication.
- It gets converted into sex hormones in the body which are essential for the production and development of healthy eggs.
- Thus, it helps treat female infertility.

Folic Acid

- It plays a vital role in the formation of red blood cells, which carry oxygen throughout the body. It is also essential in pregnancy due to its role in development of the unborn baby's brain and spinal cord.

AXENZOLE

2.5

Quickly cross the female infertility hurdles...

Letrozole use is associated with a significantly lower multiple gestration rate than use of Clomifine Citrate

(J Obstet Gynaecol Can. 2007; 29: 668-671...

As compared with clomifine, letrozole was associated with higher live-birth and ovulation rates among infertile women with the polycystic ovary syndrome.

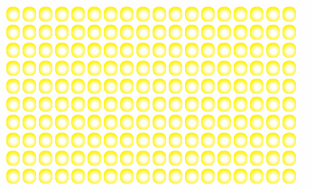

(N. Eng. J. Med. Author Manuscript available in PMC 2005 Jan. 10)

Infertility, Ovulation problems & PCOS Treatment

Dosage : The most Common dose is 2.5 mg per day days five through 9 of the menstrual.

Some times it is given the higher doses of 5 mg or 7.5 mg per day.
